Last Sunday Offering for April

The Last Sunday Offering for April, collected this week, will go to Heifer International. Heifer works with communities to end world hunger and poverty and care for the Earth. They believe that the collective power of economic development, food security and nutrition, and environmental sustainability can empower small-scale farmers on the path to living incomes. When those components are multiplied by the positive impacts of gender equality and social capital, communities achieve greater resilience and a sustainable reduction in hunger and poverty.
